Independent Auditors' Report

To the Board of Directors
South Coast Educational Collaborative

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the South Coast Educational Collaborative (the "Collaborative"), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Collaborative's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the Collaborative, as of June 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States ("*Government Auditing Standards*"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Collaborative and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 15 to the financial statements, in 2025, the Collaborative adopted new accounting guidance, GASB Statement 101 *Compensated Absences*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Collaborative's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Collaborative's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Collaborative's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in this report. The other information comprises the required disclosures by the Massachusetts Department of Elementary and Secondary Education for Massachusetts Educational Collaboratives but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 29, 2025, on our consideration of the Collaborative's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Collaborative's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Collaborative's internal control over financial reporting and compliance.

Management's Discussion and Analysis

South Coast Educational Collaborative

Management's Discussion and Analysis

Year Ended June 30, 2025

As management of the South Coast Educational Collaborative (the "Collaborative"), we offer readers of these financial statements this narrative overview and analysis of the financial activities for the year ended June 30, 2025. The Collaborative complies with financial reporting requirements issued by the Governmental Accounting Standards Board ("GASB"). Management's discussion and analysis are part of these requirements. All amounts, unless otherwise indicated, are expressed in whole dollars.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the South Coast Educational Collaborative's basic financial statements. These basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of finances, in a manner similar to private-sector business.

The *statement of net position* presents information on all assets and deferred outflows and liabilities and deferred inflows, with the difference between them reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position is improving or deteriorating.

The *statement of activities* presents information showing how the Collaborative's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g., uncollected revenues and earned but unused sick leave).

Both of the government-wide financial statements distinguish functions that are principally supported by tuition charges for services and intergovernmental revenues (*governmental activities*). The governmental activities include administration, instruction and other student services, unallocated depreciation, interest, and state funded pension benefits.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements. All of the funds can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds. The focus of the Collaborative's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Collaborative's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the year.

South Coast Educational Collaborative

Management's Discussion and Analysis

Year Ended June 30, 2025

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are *not* available to support the Collaborative's own programs.

Notes to the basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the Collaborative's budgetary comparisons and its pension and other postemployment obligations, as well as *other information for Collaboratives* as required by M.G.L Chapter 43 of the Acts of 2012.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. Liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$3.2 million at the close of 2025 mainly due to the recording of a net liability for other postemployment benefits (OPEB) in the amount of \$7.0 million.

The beginning balance in governmental activities was restated to reflect changes in the Collaborative's compensated absences liability resulting from the implementation of GASB Statement No. 101, *Compensated Absences*, which became effective for the Collaborative in 2025. As a result of adopting this standard, beginning net position was restated by \$2.3 million.

South Coast Educational Collaborative

Management’s Discussion and Analysis

Year Ended June 30, 2025

Key components of the Collaborative’s governmental financial position are listed below.

	2025	(As Restated) 2024
Assets:		
Current assets.....	\$ 7,512,387	\$ 7,643,020
Capital assets, non depreciable.....	912,375	912,375
Capital assets, net of accumulated depreciation.....	2,785,861	3,048,374
Total assets.....	11,210,623	11,603,769
 Deferred outflows of resources.....	 2,054,319	 2,976,722
 Liabilities:		
Current liabilities (excluding debt).....	1,520,688	2,301,353
Noncurrent liabilities (excluding debt).....	8,821,098	10,867,442
Current debt.....	604,890	618,254
Noncurrent debt.....	208,610	407,735
Total liabilities.....	11,155,286	14,194,784
 Deferred inflows of resources.....	 5,291,209	 5,621,819
 Net position:		
Net investment in capital assets.....	2,884,736	2,934,760
Unrestricted.....	(6,066,289)	(8,170,872)
 Total net position.....	 \$ (3,181,553)	 \$ (5,236,112)

Net position of \$2.9 million reflects the Collaborative’s net investment in capital assets (e.g., land, buildings and improvements, right to use buildings, leasehold improvements, and vehicles); less any related debt used to acquire those assets that is still outstanding. The Collaborative uses these capital assets to provide services to pupils; consequently, these assets are *not* available for future spending. Although the investment in capital assets is reported net of its related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining balance of unrestricted net position resulted in a \$6.1 million deficit mainly relating to the effect of recording net other postemployment benefit liabilities through June 30, 2025, as previously mentioned.

South Coast Educational Collaborative

Management's Discussion and Analysis

Year Ended June 30, 2025

The governmental activities of the Collaborative are summarized below.

The Collaborative's net position increased \$2.0 million in 2025 as compared to an increase of \$628 thousand in 2024. The increase in net position mainly relates to the decrease in the Collaborative's net other postemployment benefit liability, net of related deferred outflows/(inflows) of resources totaling \$1.3 million. This large decrease mainly relates to the change in benefit terms as it relates to a Medicare Advantage Plan now being offered. This decrease to the liability is recognized in expense immediately.

Overall, there was an increase of \$770 thousand in revenue exclusive of the recognition of on-behalf payments for state funded pension benefits included in operating grants and contributions. The increase in revenues mainly relates to tuition revenues, which is due to an increase in tuition rates charged.

	<u>2025</u>	<u>(As Restated) 2024</u>
Program Revenues:		
Charges for services..... \$	4,414,978	\$ 4,565,299
Operating grants and contributions.....	3,250,556	4,167,998
General Revenues:		
Tuition.....	20,437,442	19,772,725
Unrestricted investment income.....	159,814	201,991
Loss on lease termination.....	-	(346,316)
Total revenues.....	<u>28,262,790</u>	<u>28,361,697</u>
Expenses:		
Administration.....	2,487,928	2,900,433
Instruction and other student services.....	19,875,775	20,238,548
Unallocated depreciation.....	855,467	710,486
Interest.....	33,775	60,527
State funded pension benefits.....	2,955,286	3,823,714
Total expenses.....	<u>26,208,231</u>	<u>27,733,708</u>
Change in net position.....	2,054,559	627,989

Implementation of GASB Statement 101.....	-	(2,250,985)
Net position, beginning of year, as restated.....	<u>(5,236,112)</u>	<u>(5,864,101)</u>
Net position, end of year..... \$	<u><u>(3,181,553)</u></u>	<u><u>(5,236,112)</u></u>

South Coast Educational Collaborative

Management's Discussion and Analysis

Year Ended June 30, 2025

Financial Analysis of the Governmental Funds

As noted earlier, the Collaborative uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of the Collaborative's net resources available for spending at the end of the year.

At the end of the current year, governmental funds reported an ending fund balance of \$6.6 million, of which \$6.4 million is related to the general fund and \$148 thousand is related to the capital projects fund. The general fund balance increased by approximately \$558 thousand while the nonmajor governmental funds increased by approximately \$31 thousand.

The general fund is the Collaborative's chief operating fund. The increase in the general fund of \$558 thousand primarily relates to positive budgetary operations. At year end, unassigned fund balance in the general fund totaled \$6.2 million and the nonspendable fund balance was \$291 thousand, which related to prepaid expenses.

In 2025, appropriations totaling \$25 thousand were voted to transfer funds from the general fund to the capital projects fund to finance future capital plans.

General Fund Budgetary Highlights

The Collaborative adopts an annual budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The original year 2025 approved budget for the general fund authorized \$24.7 million in appropriations. There was no change between the original budget and the final budget.

Actual revenues were less than budgeted by \$67 thousand and actual expenditures were less than budgeted by \$621 thousand.

Capital Asset and Debt Administration

The Collaborative has entered into various lease agreements for classroom space at multiple locations under non-cancelable leases. The cost of the leases for the year ended June 30, 2025, totaled approximately \$833 thousand, which is reported as debt service principal and interest relating to leases. The cost and accumulated depreciation of these leased assets total approximately \$2.2 million and \$1.3 million, respectively. The new leases entered into during the current year totaled \$593 thousand and were capitalized by the Collaborative as right-to-use leased buildings.

South Coast Educational Collaborative

Management's Discussion and Analysis

Year Ended June 30, 2025

The Collaborative's net capital assets totaled \$3.7 million as of June 30, 2025, and depreciation expense in the amount of approximately \$855,000 was recorded in 2025.

Please refer to Notes 4, 5 and 9 of the basic financial statements for further discussion of the capital asset and debt activity.

Requests for Information

This financial report is designed to provide a general overview of the South Coast Educational Collaborative's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Business Manager, South Coast Educational Collaborative, 2201 GAR Highway, Swansea, MA 02777.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The South Coast Educational Collaborative (the “Collaborative”) was formed in 1974 as authorized by Chapter 40 Section 4E and Chapter 797 of the General Laws of the Commonwealth of Massachusetts, by member school districts from the Cities and Towns of Berkley, Dartmouth, Fall River, New Bedford, Seekonk, Somerset, Swansea, Taunton, Westport, and the regional school districts of Dighton-Rehoboth, Freetown-Lakeville, and Somerset-Berkley. The primary purpose of the Collaborative is to expand the quality of educational services that can be provided more effectively and efficiently by pooling the resources and students of several school districts. Since inception, the Collaborative has been able to substantially broaden the quantity and quality of programs and services available to students in surrounding school districts.

The Collaborative’s programs and services are primarily intended for its members; however, nonmembers may also participate.

Governance of the Collaborative is vested in a 11-member Board of Directors (the “Board”) comprised of one superintendent or school committee member from each member school district as well as an appointee of the Commissioner of the Massachusetts DESE. The Board appoints an Executive Director who is the chief operating official for the Collaborative and who reports directly to the Board.

The accompanying basic financial statements of the South Coast Educational Collaborative have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”). The Governmental Accounting Standards Board (“GASB”) is the recognized standard-setting body for establishing governmental accounting and financial reporting principles. The significant Collaborative accounting policies are described herein.

A. Reporting Entity

For financial reporting purposes, the Collaborative has included all funds, organizations, agencies, boards, commissions, and institutions. The Collaborative has also considered all potential component units for which it is financially accountable as well as other organizations for which the nature and significance of their relationship with the Collaborative are such that exclusion would cause the basic financial statements to be misleading or incomplete. As required by GAAP, these basic financial statements present the Collaborative (the primary government) and its component units. The Collaborative has no component units that require inclusion in these basic financial statements.

The primary government consists of all funds and departments which provide educational programs and services, which primarily serve the low-incidence special needs of children and adults (aged three through twenty-two). In addition, the Collaborative provides professional development programs and services that enhance education and leadership. The Collaborative is primarily supported through program tuitions and fees for related, clinical, and consultation services from contracting municipalities. The Collaborative Board of Directors and Executive Director are directly responsible for these activities.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The government-wide financial statements (i.e., statement of net position and the statement of changes in net position) report information on all of the non-fiduciary activities of the primary government and its component units. *Governmental activities* are primarily supported by tuitions paid from member and nonmember Districts and intergovernmental revenue.

Fund Financial Statements

Separate financial statements are provided for governmental funds and fiduciary funds, even though fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. The Collaborative had only one nonmajor fund.

Major Fund Criteria

Major funds must be reported if the following criteria are met:

- If the total assets and deferred outflows, liabilities and deferred inflows, revenues, or expenditures/expenses of an individual governmental or enterprise fund are at least 10 percent of the corresponding element (assets, liabilities, etc.) for all funds of that category or type (total governmental or total enterprise funds), *and*
- If the total assets and deferred outflows, liabilities and deferred inflows, revenues, or expenditures/expenses of the individual governmental fund are at least 5 percent of the corresponding element for all governmental and enterprise funds combined.

Additionally, any other governmental fund that management believes is particularly significant to the basic financial statements may be reported as a major fund.

Fiduciary funds are reported by fund type.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

Government-Wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded when the liabilities are incurred. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

The statement of activities demonstrates the degree to which the direct expenses of a particular function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include the following:

- Charges to recipients who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment.
- Grants and contributions that are restricted to meeting the operational requirements of a particular function or segment.
- Grants and contributions that are restricted to meeting the capital requirements of a particular function or segment.

Other items not identifiable as program revenues are reported as general revenues.

The effect of interfund activity has been removed from the government-wide financial statements.

Fund Financial Statements

Governmental fund financial statements are reported using the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt which is recognized when due, and certain compensated absences, claims and judgments which are recognized when the obligations are expected to be liquidated with current expendable available resources.

Investment income is susceptible to accrual. Other receipts and revenues become measurable and available when the cash is received and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria is met. Expenditure driven grants recognize revenue when the qualifying expenditures are incurred and all other grant requirements are met.

The *general fund*, the Collaborative's only major governmental fund, is the primary operating fund. It is used to account for all financial resources, except those that are required to be accounted for in another fund.

The *capital projects fund*, is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets of the governmental funds.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

Fiduciary fund financial statements are reported using the flow of economic resources measurement focus and use the accrual basis of accounting. Fiduciary funds are used to account for assets held in a trustee capacity for others that cannot be used to support the governmental programs.

The following fiduciary fund types are reported:

The *other postemployment benefit trust fund* is used to account for other postemployment benefits (OPEB), which accumulate resources to provide funding for future OPEB liabilities.

D. Cash and Investments

Government-Wide and Fund Financial Statements

Cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with an original maturity of three months or less from the date of acquisition. Investments are carried at fair value.

E. Fair Value Measurements

The Collaborative reports required types of financial instruments in accordance with the fair value standards. These standards require an entity to maximize the use of observable inputs (such as quoted prices in active markets) and minimize the use of unobservable inputs (such as appraisals or valuation techniques) to determine fair value. Fair value standards also require the government to classify these financial instruments into a three-level hierarchy, based on the priority of inputs to the valuation technique or in accordance with net asset value practical expedient rules, which allow for either Level 2 or Level 3 depending on lock up and notice periods associated with the underlying funds.

Instruments measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 – Quoted prices are available in active markets for identical instruments as of the reporting date. Instruments, which are generally included in this category, include actively traded equity and debt securities, certain U.S. government obligations, and mutual funds with quoted market prices in active markets.

Level 2 – Pricing inputs are other than quoted in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies. Certain fixed income securities, primarily corporate bonds, and certain U.S. government obligations are classified as Level 2 because fair values are estimated using pricing models, matrix pricing, or discounted cash flows.

Level 3 – Pricing inputs are unobservable for the instrument and include situations where there is little, if any, market activity for the instrument. The inputs into the determination of fair value require significant management judgment or estimation.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

In some instances, the inputs used to measure fair value may fall into different levels of the fair value hierarchy and is based on the lowest level of input that is significant to the fair value measurement.

Market price is affected by a number of factors, including the type of instrument and the characteristics specific to the instrument. Instruments with readily available active quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value. It is reasonably possible that change in values of these instruments will occur in the near term and that such changes could materially affect amounts reported in these financial statements. See Note 2 – Cash and Investments.

F. Accounts Receivable

Government-Wide and Fund Financial Statements

The recognition of revenue related to accounts receivable reported in the government-wide financial statements and fiduciary funds financial statements are reported under the accrual basis of accounting. The recognition of revenue related to accounts receivable reported in the governmental funds financial statements are reported under the modified accrual basis of accounting.

Tuition and Other Receivables

Tuition receivables consist of tuition payments due from member and non-member communities. Other receivables consist mainly of school lunch receipts due from the federal school lunch program.

G. Unearned Revenue

Unearned revenue consists of member district's prepayment of a portion of the following year's tuition. The revenue is not recognized as earned revenue until the year in which the services are provided to the District.

H. Capital Assets

Government-Wide Financial Statements

Capital assets, which include land, equipment, right to use leased buildings, buildings and improvements, leasehold improvements, and vehicles, are reported in the government-wide financial statements. Capital assets are recorded at historical cost, or at estimated historical cost, when actual historical cost could not be determined. Donated capital assets are recorded at acquisition value.

All purchases and construction costs in excess of \$5,000 are capitalized at the date of acquisition or construction, respectively, with expected useful lives of greater than one year.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

Capital assets, excluding land, are depreciated on a straight-line basis. The estimated useful lives of capital assets are as follows:

<u>Capital Asset Type</u>	<u>Estimated Useful Life (in years)</u>
Buildings and improvements.....	10 - 50
Right to use - buildings.....	3
Leasehold improvements.....	5 - 15
Vehicles.....	3 - 5

The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized and are treated as expenses when incurred. Improvements are capitalized.

The Collaborative reviews the carrying value of its long-lived assets to ensure that any impairment issues are identified and appropriately reflected in the financial statements. Should the expected cash flows be less than the carrying value, an impairment loss would be recognized to reduce the carrying value. There was no impairment loss recorded during 2025.

Governmental Fund Financial Statements

Capital asset costs are recorded as expenditures in the acquiring fund in the year of the purchase.

I. Deferred Outflows/Inflows of Resources

Government-Wide Financial Statements (Net Position)

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The Collaborative reported deferred outflows related to other postemployment benefits in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Collaborative reported deferred inflows related to other postemployment benefits in this category.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

J. Interfund Receivables and Payables

During the course of its operations, transactions occur between and within individual funds that may result in amounts owed between funds.

Fund Financial Statements

Transactions of a buyer/seller nature between and within funds are not eliminated from the individual fund statements. Receivables and payables resulting from these transactions are classified as “Due from other funds” or “Due to other funds” on the balance sheet.

Government-Wide Financial Statements

Transactions of a buyer/seller nature between and within governmental funds are eliminated from the governmental activities in the statement of net position.

K. Interfund Transfers

During the course of its operations, resources are permanently reallocated between and within funds. These transactions are reported as transfers in and transfers out.

Government-Wide Financial Statements

Transfers within governmental funds are eliminated from the governmental activities in the statement of activities.

Fund Financial Statements

Transfers between and within funds are *not* eliminated from the individual fund statements and are reported as transfers in and transfers out.

L. Net Position and Fund Equity

Government-Wide Financial Statements (Net Position)

Net position reported as “net investment in capital assets” includes capital assets, net of accumulated depreciation, less the principal balance of outstanding debt used to acquire capital assets. Unspent proceeds of capital related debt are not considered to be capital assets.

Net position is reported as restricted when amounts are not available for appropriation or are legally restricted by outside parties for a specific future use.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

Sometimes the Collaborative will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Collaborative’s policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Fund Financial Statements (Fund Balances)

Governmental fund balances are classified as nonspendable, restricted, committed, assigned, or unassigned based on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The governmental fund balance classifications are as follows:

“Nonspendable” fund balance includes amounts that cannot be spent because they are either not in spendable form or they are legally or contractually required to be maintained intact.

“Restricted” fund balance includes amounts subject to constraints placed on the use of resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or that are imposed by law through constitutional provisions or enabling legislation.

“Committed” fund balance includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority.

“Assigned” fund balance includes amounts that are constrained by the Collaborative’s intent to be used for specific purposes, but are neither restricted nor committed.

“Unassigned” fund balance includes the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

The Collaborative’s spending policy is to spend restricted fund balance first, followed by committed, assigned, and unassigned fund balance. Most governmental funds are designated for one purpose at the time of their creation. Therefore, any expenditure from the fund will be allocated to the applicable fund balance classifications in the order of the aforementioned spending policy. The general fund and certain other funds may have more than one purpose.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

M. Long-Term Debt

Government-Wide Financial Statements

Long-term debt is reported as liabilities in the government-wide statement of net position. Material bond premiums and discounts, if any, are deferred and amortized over the life of the bonds using the effective interest method.

Governmental Fund Financial Statements

The face amount of governmental funds long-term debt is reported as other financing sources. Bond premiums and discounts, if any, as well as issuance costs, are recognized in the current period. Bond premiums are reported as other financing sources and bond discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual bond proceeds received, are reported as administrative expenditures.

N. Right-to-Use Lease Liability

Government-Wide Financial Statements

Right to use lease liabilities are reported at the present value of their future minimum lease payments. Lease payments are reported as reductions of the lease liability and as interest expense during the lease term.

Governmental Fund Financial Statements

The present value of the future minimum lease payments are reported within the governmental funds as other financing sources and a capital expenditure. Lease payments are reported as debt service expenditures.

O. Investment Income

Investment income derived from major and nonmajor governmental funds is legally assigned to the general fund unless otherwise directed by Massachusetts General Law (MGL).

P. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of both the Massachusetts State Employee Retirement System and the Massachusetts Teachers Retirement System and additions to/deductions from the Systems fiduciary net position have been determined on the same basis as they are reported by the Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

Q. Compensated Absences

Employees are granted vacation and sick leave benefits in varying amounts based on collective bargaining agreements, state laws and executive policies.

Government-Wide Financial Statements

Vested or accumulated vacation and sick leave benefits are reported as liabilities and expensed when the benefit is earned by the employee.

Governmental Fund Financial Statements

Vested or accumulated vacation and sick leave, which will be liquidated with expendable available financial resources, are reported as expenditures and fund liabilities upon maturity of the liability.

R. Use of Estimates

Government-Wide and Fund Financial Statements

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure for contingent assets and liabilities at the date of the basic financial statements and the reported amounts of the revenues and expenditures/expenses during the year. Actual results could vary from estimates that were used.

S. Total Column

Government-Wide Financial Statements

The total column presented on the government-wide financial statements represents consolidated financial information.

Fund Financial Statements

The total column on the fund financial statements is presented only to facilitate financial analysis. Data in this column is not the equivalent of consolidated financial information.

NOTE 2 – CASH AND INVESTMENTS

A cash and investment pool is maintained that is available for use by all funds. Each fund type's portion of this pool is displayed on the balance sheet as "Cash and Cash Equivalents". The deposits and investments of trust funds are held separately from those of other funds. Statutes authorize the investment in obligations of the U.S. Treasury, agencies, and instrumentalities, certificates of deposit,

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

repurchase agreements, money market accounts, bank deposits and the State Treasurer's Investment Pool ("Pool"). In addition, there are various restrictions limiting the amount and length of deposits and investments.

The Pool meets the criteria of an external investment pool. The Pool is administered by the Massachusetts Municipal Depository Trust ("MMDT"), which was established by the Treasurer of the Commonwealth who serves as Trustee. The fair value of the position in the Pool is the same as the value of the Pool shares.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Collaborative's deposits may not be returned to it. The Collaborative does not have a formal deposit policy for custodial credit risk.

At year-end, the carrying amount of deposits totaled \$3,027,165 and the bank balance totaled \$4,271,811. Of the bank balance, \$250,000 was covered by Federal Depository Insurance and \$4,021,811 was collateralized.

Investments

The Collaborative holds investments that are measured at fair value on a recurring basis. Because investing is not a core part of the Collaborative mission, the Collaborative determines that the disclosures related to these investments only need to be disaggregated by major type. The Collaborative chooses a narrative format for disclosing the levels within the fair value hierarchy.

The Collaborative categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

As of June 30, 2025, the Collaborative's other postemployment benefit trust fund had \$168,396 invested in equity mutual funds and \$133,856 invested in fixed income mutual funds. These investments are classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities.

MMDT investments of \$3,209,058 are valued at amortized cost. MMDT, which is an external investment pool that is overseen by the Treasurer of the Commonwealth of Massachusetts, meets the criteria established by GASB 79, "Certain External Investment Pools and Pool Participants", to report its investments at amortized cost; therefore, the Collaborative reports its investments in MMDT at amortized costs which approximates the net asset value of \$1.00 per share. MMDT has a maturity of less than 1 year and is not rated.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

Custodial Credit Risk – Investments

For an investment, this is the risk that, in the event of a failure by the counterparty, the entity will not be able to recover the value of its investments or collateral security that are in the possession of an outside party. The Collaborative's formal investment policy for custodial credit risk states that the Business Manager will engage only those institutions with proven financial strength, capital adequacy, and overall affirmative reputation in the municipal industry.

Interest Rate Risk

The Collaborative's formal investment policy allows for the Investment Manager to manage exposure to fair value losses arising from increasing interest rates by managing the duration in the account. The Collaborative participates in MMDT, which maintains a cash portfolio, and at June 30, 2025, MMDT's cash portfolio had a weighted average maturity of 47 days.

Credit Risk

The Collaborative's formal policy related to credit risk allows for the Investment Manager to purchase investment grade securities with a high concentration in securities rated A or better at the time of purchase. Lower-quality investment may only be held through diversified vehicles, such as mutual funds or exchange traded funds. There will be no limit to the amount of United States Treasury and United States Government Agency obligations.

Concentration of Credit Risk

The Collaborative's formal policy states that the Investment Manager will diversify the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized. Securities of a single corporate issuer (with the exception of the United States Government and its Agencies) will not exceed 5% of the portfolio value. At June 30, 2025, no more than 5% of the Collaborative's investments were invested in any one corporate issuer.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

NOTE 3 – RECEIVABLES

At June 30, 2025, receivables for the individual major and non-major governmental funds in the aggregate are as follows:

	<u>Gross Amount</u>	<u>Allowance for Uncollectibles</u>	<u>Net Amount</u>
<u>Receivables:</u>			
Departmental and other.....	\$ 25,305	\$ -	\$ 25,305
Tuition due from member communities and others.....	<u>962,996</u>	<u>-</u>	<u>962,996</u>
Total.....	<u>\$ 988,301</u>	<u>\$ -</u>	<u>\$ 988,301</u>

NOTE 4 – CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2025 was as follows:

	<u>Beginning Balance</u>	<u>Increases and Transfers</u>	<u>Decreases and Transfers</u>	<u>Ending Balance</u>
<u>Capital assets not being depreciated:</u>				
Land.....	\$ 912,375	\$ -	\$ -	\$ 912,375
<u>Capital assets being depreciated:</u>				
Buildings and improvements.....	4,142,633	-	-	4,142,633
Right to use - buildings.....	1,599,853	592,954	-	2,192,807
Leasehold improvements.....	750,113	-	-	750,113
Vehicles.....	<u>749,929</u>	<u>-</u>	<u>(31,170)</u>	<u>718,759</u>
Total capital assets being depreciated.....	<u>7,242,528</u>	<u>592,954</u>	<u>(31,170)</u>	<u>7,804,312</u>
<u>Less accumulated depreciation for:</u>				
Buildings and improvements.....	(2,388,046)	(83,931)	-	(2,471,977)
Right to use - buildings.....	(533,284)	(730,935)	-	(1,264,219)
Leasehold improvements.....	(535,726)	(30,268)	-	(565,994)
Vehicles.....	<u>(737,098)</u>	<u>(10,333)</u>	<u>31,170</u>	<u>(716,261)</u>
Total accumulated depreciation.....	<u>(4,194,154)</u>	<u>(855,467)</u>	<u>31,170</u>	<u>(5,018,451)</u>
Total capital assets being depreciated, net.....	<u>3,048,374</u>	<u>(262,513)</u>	<u>-</u>	<u>2,785,861</u>
Total governmental activities capital assets, net..	<u>\$ 3,960,749</u>	<u>\$ (262,513)</u>	<u>\$ -</u>	<u>\$ 3,698,236</u>

Unallocated depreciation expense totaled \$855,467 for the year ended June 30, 2025.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

NOTE 5 – RIGHT-TO-USE LEASES

Classrooms

The Collaborative has entered into various lease agreements for classroom space at multiple locations under non-cancelable leases. The cost of the leases for the year ended June 30, 2025, totaled \$832,809, which is reported as debt service principal and interest relating to leases. The cost and accumulated depreciation of these leased assets total approximately \$2.2 million and \$1.3 million, respectively.

These leases consisted of various classroom leases with lease periods beginning during 2024 through 2027. The new leases entered into during the current year totaled \$592,954 and were capitalized by the Collaborative as right-to-use leased buildings.

The future minimum lease payments for these right-to-use buildings are as follows:

<u>Years ending June 30:</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026.....	604,890	15,059	619,949
2027.....	208,610	3,174	211,784
Total.....	\$ <u>813,500</u>	\$ <u>18,233</u>	\$ <u>831,733</u>

NOTE 6– INTERFUND TRANSFERS

Interfund transfers consist of a \$25,000 transfer voted from the Collaborative’s surplus reserves to the capital projects fund to fund future capital planning.

NOTE 7 – PREPAID TUITION

Member communities are allowed to prepay a portion of the next year’s tuition. At June 30, 2025, the Collaborative had not received prepaid tuition from member communities.

NOTE 8 – LINE OF CREDIT

The Collaborative has a \$1,000,000 line of credit. The obligation is secured by the Collaborative’s accounts receivable and fixtures and contains certain restricted covenants. Interest is payable at the National Prime Rate. For the year ended June 30, 2025, the Collaborative has not drawn down any amounts on this line of credit.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

NOTE 9 – LONG-TERM DEBT

At June 30, 2025, the Collaborative had no long-term debt outstanding.

Changes in Long-Term Liabilities

During the year ended June 30, 2025, the following changes occurred in long-term liabilities:

	(As Restated)					
	Beginning Balance	Loans Redeemed	Other Increases	Other Decreases	Ending Balance	Due Within One Year
Long-term debt.....	\$ 6,183	\$ (6,183)	\$ -	\$ -	\$ -	-
Lease obligations.....	1,019,806	-	592,954	(799,260)	813,500	604,890
Compensated absences.....	2,617,818	-	424,505	(654,455)	2,387,868	596,967
Net other postemployment benefits.....	8,907,345	-	808,346	(2,685,494)	7,030,197	-
 Total long-term liabilities.....	 \$ 12,551,152	 \$ (6,183)	 \$ 1,825,805	 \$ (4,139,209)	 \$ 10,231,565	 \$ 1,201,857

NOTE 10 – GOVERNMENTAL FUND BALANCE CLASSIFICATIONS

The Collaborative has adopted GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The intention of the GASB is to provide a more structured classification of fund balance and to improve the usefulness of fund balance reporting to the users of the Collaborative’s financial statements. The reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources.

GASB 54 provides for two major types of fund balances, which are nonspendable and spendable. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund.

In addition to the nonspendable fund balance, GASB 54 has provided a hierarchy of spendable fund balances, based on a hierarchy of spending constraints.

- Restricted: fund balances that are constrained by external parties, constitutional provisions, or enabling legislation.
- Committed: fund balances that contain self-imposed constraints of the government from its highest level of decision-making authority.
- Assigned: fund balances that contain self-imposed constraints of the government to be used for a particular purpose.
- Unassigned: fund balance of the general fund that is not constrained for any particular purpose.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

As of June 30, 2025, the governmental fund balances consisted of the following:

	General	Capital Projects	Total Governmental Funds
Fund Balances:			
Nonspendable:			
Prepaid expenses.....	\$ 290,743	\$ -	\$ 290,743
Committed to:			
Capital projects.....	-	147,615	147,615
Unassigned.....	6,150,308	-	6,150,308
 Total Fund Balances.....	 \$ 6,441,051	 \$ 147,615	 \$ 6,588,666

NOTE 11– RISK FINANCING

The Collaborative is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Collaborative carries commercial insurance. Settlement claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

The Collaborative participates in premium-based health care plans for its employees and retirees.

NOTE 12 – PENSION PLAN

Plan Descriptions

The Collaborative is a member of the Massachusetts State Employees’ Retirement System (MSERS), a public employee retirement system that administers a cost-sharing multi-employer defined benefit plan covering substantially all employees of the Commonwealth and certain employees of the independent authorities and agencies. The MSERS is part of the Commonwealth’s reporting entity and the audited financial report may be obtained by visiting <http://www.mass.gov/osc/publications-and-reports/financial-reports/>.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

The Collaborative is also a member of the Massachusetts Teachers' Retirement System (MTRS), a cost-sharing multi-employer defined benefit plan. MTRS is managed by the Commonwealth of Massachusetts (Commonwealth) on behalf of municipal teachers and municipal teacher retirees. The Commonwealth is a nonemployer contributor and is responsible for 100% of the contributions and future benefit requirements of the MTRS. The MTRS covers certified teachers in cities (except Boston), towns, regional school districts, charter schools, educational collaboratives and Quincy College. The MTRS is part of the Commonwealth's reporting entity and the audited financial report may be obtained by visiting <https://mtrs.state.ma.us/service/financial-reports/>.

Special Funding Situations

The Commonwealth is a nonemployer contributor and is required by statute to make 100% of all actuarially determined employer contributions on behalf of the Collaborative's teachers and retired teachers to the MTRS. Therefore, the Collaborative is considered to be in a special funding situation as defined by GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and the Commonwealth is a nonemployer contributor in MTRS. Since the Collaborative does not contribute directly to MTRS, the Collaborative does not have a net pension liability. The total of the Commonwealth provided contributions have been allocated based on each employer's covered payroll to the total covered payroll of employers in MTRS as of the measurement date of June 30, 2024. The Collaborative's portion of the collective pension expense, contributed by the Commonwealth, of \$1,794,479 is reported in the general fund as intergovernmental revenue and pension expense in the current fiscal year. The portion of the Commonwealth's collective net pension liability associated with the Collaborative is \$21,740,292 as of the measurement date.

A special funding situation was created by Massachusetts General Laws for all educational collaboratives in the Commonwealth. Collaboratives contribute amounts equal to the normal cost of non-teaching employees' benefits at a rate established by the Public Employees' Retirement Administration Commission (PERAC), currently 6.10% of covered payroll. Legally, the Collaboratives are only responsible for contributing the annual normal cost of their employees' benefits (i.e., the present value of the benefits earned by those employees in any given year) and are not legally responsible for the past service cost attributable to those employees or previously retired employees of the Collaboratives. Therefore, the Collaborative does not have a net pension liability. The Collaborative's required contribution to MSERS equaled its actual contribution for the year ended December 31, 2024 which was \$317,407 and 6.10% of covered payroll.

The Commonwealth as a nonemployer is legally responsible for the entire past service cost related to the non-teaching employees of the Collaboratives and therefore has a 100% special funding situation. The total of the Commonwealth provided contributions are allocated based on each employer's covered payroll to the total covered payroll of employers in MSERS as of the measurement date of June 30, 2024. The Collaborative's portion of the collective pension expense, contributed by the Commonwealth, of \$1,160,807 is reported as intergovernmental revenue and pension expense in the current fiscal year. The portion of the Commonwealth's collective net pension liability associated with the Collaborative is \$11,245,269 as of the measurement date.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

Benefits Provided

Both Systems provide retirement, disability, survivor and death benefits to plan members and beneficiaries. Massachusetts Contributory Retirement System benefits are, with certain minor exceptions, uniform from system to system. The System provides for retirement allowance benefits up to a maximum of 80% of a member's highest three-year average annual rate of regular compensation. For persons who became members on or after April 2, 2012, average salary is the average annual rate of regular compensation received during the five consecutive years that produce the highest average, or, if greater, during the last five years (whether or not consecutive) preceding retirement. Benefit payments are based upon a member's age, length of creditable service, level of compensation, and group classification. Members become vested after ten years of creditable service.

Employees who resign from service and who are not eligible to receive a retirement allowance or are under the age of 55 are entitled to request a refund of their accumulated total deductions. Survivor benefits are extended to eligible beneficiaries of members whose death occurs prior to or following retirement.

Cost-of-living adjustments granted between 1981 and 1997 and any increase in other benefits imposed by the Commonwealth's state law during those years are borne by the Commonwealth and are deposited into the pension fund. Cost-of-living adjustments granted after 1997 must be approved by the Board and are borne by the System.

NOTE 13 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description

The Collaborative administers a single-employer defined benefit healthcare plan (the "Plan"). The Plan provides lifetime healthcare insurance for eligible retirees and their spouses through the Collaborative's group health insurance plan, which covers both active and retired members. Chapter 32B of the MGL assigns authority to establish and amend benefit provisions of the plan. Benefit provisions are negotiated between the Collaborative and the unions representing Collaborative employees and are renegotiated each bargaining period. The Plan does not issue a publicly available financial report.

Summary of Significant Accounting Policies

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts (repurchase agreements) that have a maturity at the time of purchase of one year or less, which are reported at cost.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

Funding Policy

Contribution requirements are also negotiated between the Collaborative and union representatives. The required contribution is based on a pay-as-you-go financing requirement. The Collaborative contributes 50 percent of the cost of only medical insurance premiums for eligible retired plan members and their spouses. Plan members receiving benefits contribute the remaining portion of their premium costs. For 2025, the Collaborative contributed \$142,204 towards these benefits.

The Commonwealth of Massachusetts passed special legislation that has allowed the Collaborative to establish a postemployment benefit trust fund and to enable the Collaborative to begin pre-funding its other postemployment benefit (OPEB) liabilities. During 2025, the Collaborative pre-funded future OPEB liabilities by contributing \$25,000 to the Trust. As of June 30, 2025, the balance of this fund totaled \$305,132.

Plan Membership

The following table represents the Plan's membership at July 1, 2024:

Active members.....	175

Significant Actuarial Methods and Assumptions

The total OPEB liability in the July 1, 2024 actuarial valuation was determined by using the following actuarial assumptions, applied to all periods including the measurement date of June 30, 2025, to be in accordance with GASB #74:

Valuation date.....	July 1, 2024
Actuarial cost method.....	Individual Entry Age Normal Cost Method.
Asset valuation method.....	Fair value of assets as of the measurement date, June 30, 2025.
Investment rate of return.....	5.93%, net of OPEB plan investment expense, including inflation.
Discount rate.....	5.11%, net of OPEB plan investment expense, including inflation.
Inflation rate.....	2.50% as of June 30, 2025 and for future periods.
Salary increases.....	3.00% annually as of June 30, 2025 and for future periods.
Municipal bond rate.....	4.81% as of June 30, 2025 (Source: S&P Municipal Bond 20-Year High Grade index-SAPIHG).
Mortality rates:	
Pre-Retirement mortality.....	<u>General:</u> RP-2014 Mortality Table for Blue Collar Employees projected generationally with scale MP-2021 for males and females, set forward 1 year for females.
Post-Retirement mortality.....	<u>General:</u> RP-2014 Mortality Table for Blue Collar Healthy Annuitants projected generationally with scale MP-2021 for males and females, set forward 1 year for females.
Disabled mortality.....	<u>General:</u> RP-2014 Mortality Table for Blue Collar Healthy Annuitants projected generationally with scale MP-2021, set forward 1 year for males and 2 years for females.

Rate of Return

For the year ended June 30, 2025, the annual money-weighted rate of return on investments, net of investment expense, was 8.49%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

rates of return by the target asset allocation percentage and by adding expected inflation. The Plan’s expected future real rate of return of 3.68% is added to the expected inflation of 2.50% to produce the long-term expected nominal rate of return of 6.18%.

Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan’s target asset allocation as of June 30, 2025, are summarized as follows:

Asset Class	Long-Term Expected Asset Allocation	Long-Term Expected Real Rate of Return
Domestic equity- large cap.....	37.50%	4.52%
Domestic equity- small/mid cap.....	3.75%	5.06%
International equity- developed markets.....	6.00%	5.08%
International equity- emerging markets.....	2.00%	5.80%
Domestic fixed income.....	40.25%	2.44%
International fixed income.....	3.50%	2.13%
Alternatives.....	4.00%	6.09%
Real estate.....	2.00%	3.73%
Cash and cash equivalents.....	1.00%	0.00%
Total.....	100.00%	

Discount rate

The discount rate used to measure the total OPEB liability was 5.11% as of June 30, 2025 and 4.50% as of June 30, 2024. The projection of cash flows used to determine the discount rate assumed that contributions will be made in accordance with the Collaborative’s funding policy. Based on those assumptions, the OPEB plan’s fiduciary net position is projected to be insufficient to make all projected benefit payments to current plan members. Therefore, the long-term expected rate of return on the OPEB plan assets is applied to the projected benefits payments which the Fiduciary Net Position is expected to be sufficient to cover and the Municipal Bond Rate is applied thereafter. The Municipal Bond Rate is based on the S&P Municipal Bond 20 – Year High Grade Index (“SAPIHG”), which was 4.81% as of June 30, 2025. The S&P Municipal Bond 20 – Year High Grade Index is the index rate for 20-year, tax exempt general obligation municipal bonds with an average rate of AA/Aa or higher.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The table on the following page presents the net other postemployment benefit liability and service cost, calculated using the discount rate of 5.11%, as well as what the net other postemployment benefit liability and service cost would be if it were calculated using a discount rate that is 1-percentage-point lower (4.11%) or 1-percentage-point higher (6.11%) than the current rate.

OPEB Expense and Deferred Outflows/(Inflows) of Resources Related to OPEB

For the year ended June 30, 2025, the Collaborative recognized OPEB income of \$1,143,151. At June 30, 2025, the Collaborative reported deferred outflows of resources and deferred inflows of resources related to OPEB of \$2,054,319 and \$5,291,209, respectively, from the following sources:

Deferred Category	Deferred Outflows of Resources	Deferred Inflows of Resources	Total
Differences between expected and actual experience.....	\$ -	\$ (2,287,328)	\$ (2,287,328)
Difference between projected and actual earnings, net.....	-	(5,870)	(5,870)
Changes in assumptions.....	2,054,319	(2,998,011)	(943,692)
Total deferred outflows/(inflows) of resources.....	\$ 2,054,319	\$ (5,291,209)	\$ (3,236,890)

Amounts reported as deferred outflows of resources and deferred inflows of resources to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:

2026.....	\$ (644,143)
2027.....	(747,156)
2028.....	(1,024,388)
2029.....	(360,346)
2030.....	(264,125)
Thereafter.....	(196,732)
Total.....	\$ (3,236,890)

Changes of Assumptions

- The discount rate has been changed from 4.50% to 5.11%.
- The mortality tables were updated.

Changes in Plan Provisions

- The Collaborative now offers a Medicare Advantage plan.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

NOTE 14 – CONTINGENCIES

Various legal actions and claims are pending against the Collaborative. Litigation is subject to many uncertainties, and the outcome of individual litigated matters is not always predictable. Although the amount of liability, if any, at June 30, 2025 cannot be ascertained, management believes any resulting liability should not materially affect the financial position at June 30, 2025.

NOTE 15 – RESTATEMENT OF PRIOR NET POSITION

In 2025, GASB Statement #101, *Compensated Absences*, was required to be implemented by the Collaborative. This standard establishes new recognition and measurement requirements for compensated absences, such as unused vacation, sick leave and other paid time off benefits. The implementation of this Statement did result in a material change to the compensated absence liability in the financial statements. As a result, the Collaborative’s prior year net position was restated as follows:

	<u>Reporting Units Affected By Adjustment to Beginning Net Position</u>
	<u>Governmental Activities</u>
June 30, 2024, as previously reported.....\$	(2,985,127)
Implementation of GASB Statement 101.....	<u>(2,250,985)</u>
June 30, 2024, as restated.....\$	<u><u>(5,236,112)</u></u>

NOTE 16 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through December 29, 2025, which is the date the financial statements were available to be issued.

NOTE 17 – IMPLEMENTATION OF NEW GASB PRONOUNCEMENTS

During 2025, the following GASB pronouncements were implemented:

- The GASB issued Statement #101, *Compensated Absences*. The Collaborative implemented GASB Statement 101 in 2025. As more fully described in Note 15, the implementation of this pronouncement required a restatement of beginning net position.

South Coast Educational Collaborative

Notes to Basic Financial Statements

Year Ended June 30, 2025

- The GASB issued Statement #102, *Certain Risk Disclosures*. This pronouncement did not impact the basic financial statements.

The following GASB pronouncements will be implemented in the future:

- The GASB issued Statement #103, *Financial Reporting Model Improvements*, which is required to be implemented for fiscal years beginning after June 15, 2025.
- The GASB issued Statement #104, *Disclosure of Certain Capital Assets*, which is required to be implemented for fiscal years beginning after June 15, 2025.

Management is currently assessing the impact the implementation of these pronouncements will have on the basic financial statements.

Required Supplementary Information

General Fund

Budgetary Comparison Schedule

The General Fund is the general operating fund of the Collaborative. It is used to account for all the financial resources, except those required to be accounted for in another fund.

The Schedule of the Special Funding Amounts of the Net Pension Liability for the Massachusetts Teachers' Retirement System presents multi-year trend information on the liability and expense assumed by the Commonwealth of Massachusetts on behalf of the Collaborative along with related ratios.

The Schedule of the Collaborative's Contributions presents multi-year trend information on the Collaborative's required and actual contributions to the pension plan and related ratios.

South Coast Educational Collaborative

Schedule of the Special Funding Amounts of the Net Pension Liability

Massachusetts State Employees Retirement System

The Collaborative's teachers and retired teachers pensions are covered under the Massachusetts Teachers Retirement System while all other employees and retirees are covered under the Massachusetts State Employees Retirement System. This schedule only reports on the nonteacher employees and retirees covered under the Massachusetts State Employees Retirement System.

A special funding situation was created by Massachusetts General Laws for all educational collaboratives in the Commonwealth. Collaboratives contribute amounts equal to the normal cost of employees' benefits at a rate established by PERAC, currently 6.10% of covered payroll. Legally, the collaboratives are only responsible for contributing the annual normal cost of their employees' benefits (i.e., the present value of the benefits earned by those employees in any given year) and are not legally responsible for the past service cost attributable to those employees or previously retired employees of the collaboratives. The Commonwealth as a nonemployer is legally responsible for the entire past service cost related to the collaboratives and therefore has a 100% special funding situation. Since the collaborative does not contribute directly to MSERS for the past service cost, there is no net pension liability to recognize. This schedule discloses the Commonwealth's 100% share of the collective net pension liability that is associated with the collaborative; the portion of the collective pension expense as both a revenue and pension expense recognized by the collaborative; and the Plan's fiduciary net position as a percentage of the total liability.

Measurement Fiscal Year	Commonwealth's 100% Share of the Associated Net Pension Liability	Expense and Revenue Recognized for the Commonwealth's Support	Plan Fiduciary Net Position as a Percentage of the Total Liability
2024.....	\$ 11,245,269	\$ 1,160,807	72.90%
2023.....	12,906,960	1,532,457	70.71%
2022.....	11,809,467	928,256	71.05%
2021.....	9,468,684	595,968	77.54%
2020.....	14,098,564	2,104,690	62.48%
2019.....	12,472,900	2,071,935	66.28%

2017.....	10,289,691	1,331,414	67.91%
2016.....	10,818,003	1,502,384	63.48%
2015.....	8,857,025	988,336	67.87%

See notes to required supplementary information.

South Coast Educational Collaborative

Schedule of the Special Funding Amounts of the Net Pension Liability

Massachusetts Teachers' Retirement System

The Commonwealth of Massachusetts is a nonemployer contributor and is required by statute to make all actuarially determined employer contributions on behalf of the member employers which creates a special funding situation. Therefore, there is no net pension liability to recognize. This schedule discloses the Commonwealth's 100% share of the associated collective net pension liability; the portion of the collective pension expense as both a revenue and pension expense recognized; and the Plan's fiduciary net position as a percentage of the total liability.

Measurement Fiscal Year	Commonwealth's 100% Share of the Associated Net Pension Liability	Expense and Revenue Recognized for the Commonwealth's Support	Plan Fiduciary Net Position as a Percentage of the Total Liability
2024.....	\$ 21,740,292	\$ 1,794,479	61.45%
2023.....	24,539,508	2,291,257	58.48%
2022.....	23,430,129	1,927,357	57.75%
2021.....	22,025,864	1,767,484	62.03%
2020.....	27,586,450	3,407,322	50.67%
2019.....	22,988,655	2,787,773	53.95%
2018.....	20,977,431	2,125,759	54.84%
2017.....	20,322,971	2,121,168	54.25%
2016.....	20,087,752	2,049,082	52.73%
2015.....	19,080,579	1,547,605	55.38%

See notes to required supplementary information.

South Coast Educational Collaborative

Schedule of the Collaborative's Contributions

Massachusetts State Employees' Retirement System

A special funding situation was created by Massachusetts General Laws for all educational collaboratives in the Commonwealth. Collaboratives contribute amounts equal to the normal cost of employees' benefits at a rate established by PERAC, currently 6.10% of covered payroll. Legally, the collaboratives are only responsible for contributing the annual normal cost of their employees' benefits (i.e., the present value of the benefits earned by those employees in any given year) and are not legally responsible for the past service cost attributable to those employees or previously retired employees of the collaboratives. The Commonwealth as a nonemployer is legally responsible for the entire past service cost related to the collaboratives and therefore has a 100% special funding situation. Since the collaborative does not contribute directly to MSERS for the past service cost, there is no net pension liability to recognize. This schedule discloses the collaborative's required and actual contribution for the normal cost; covered payroll; and contributions recognized by the pension plan in relation to the covered payroll.

Measurement Calendar Year	Collaborative's Statutory Required and Actual Contribution for Normal Cost	Collaborative's Covered Payroll	Amount of Contributions Recognized by the Pension Plan in Relation to Covered Payroll
2024..... \$	317,407 \$	5,203,393	6.10%
2023.....	217,684	3,568,590	6.10%

Other Postemployment Benefits Plan Schedules

The Schedule of Changes in the Collaborative's Net Other Postemployment Benefit Liability and Related Ratios presents multi-year trend information on changes in the Plan's total OPEB liability, changes in the Plan's net position, and ending net OPEB liability. It also demonstrates the Plan's net position as a percentage of the total liability and the Plan's net other postemployment benefit liability as a percentage of covered-employee payroll.

The Schedule of the Collaborative's Contributions presents multi-year trend information on the Collaborative's actual contributions to the other postemployment benefit plan and related ratios.

The Schedule of Investment Returns presents multi-year trend information on the money-weighted investment return on the Plan's other postemployment assets, net of investment expense.

These schedules are intended to present information for ten years. Until a ten-year trend is compiled, information is presented for those years for which information is available.

NOTE A – BUDGETARY BASIS OF ACCOUNTING

A. Budgetary Information

The Collaborative adopts a balanced budget that is approved by the Collaborative’s Board of Directors. The Executive Director presents an annual budget to the Board, which includes estimates of revenues and other financing sources, and recommendations of expenditures and other financing uses. The Board, which has the full authority to amend and/or reject the budget or any line item, adopts the expenditure budget by majority vote. Increases to the budget subsequent to the approval of the annual budget require majority Board approval.

The majority of appropriations are non-continuing, which lapse at the end of each year. Others are continuing appropriations for which the governing body has authorized that an unspent balance from a prior year be carried forward and made available for spending in the current year. These carry forwards are included as part of the subsequent year’s original budget.

The original year 2025 approved budget for the general fund authorized \$24.8 million in appropriations. There was no change between the original budget and the final budget.

The Business Administrator has the responsibility to ensure that budgetary control is maintained. Budgetary control is exercised through the accounting system.

B. Budgetary - GAAP Reconciliation

For budgetary financial reporting purposes, a budgetary basis of accounting is followed, which differs from the GAAP basis of accounting. A reconciliation of budgetary-basis to GAAP-basis results for the general fund for the year ended June 30, 2025, is presented below:

Net change in fund balance - budgetary basis.....	\$	558,449
<u>Basis of accounting differences:</u>		
Recognition of lease financing.....		592,954
Recognition of lease expense.....		(592,954)
Recognition of revenue for on-behalf payments.....		2,955,286
Recognition of expenditures for on-behalf payments.....		<u>(2,955,286)</u>
Net change in fund balance - GAAP basis.....	\$	<u>558,449</u>

Year Ended June 30, 2025

NOTE B – PENSION PLAN

Pension Plan Schedules

A. Schedule of Contributions

A special funding situation was created by Massachusetts General Laws for all Educational Collaboratives in the Commonwealth. Collaboratives contribute amounts equal to the normal cost of non-teaching employees' benefits at a rate established by the Public Employees' Retirement Administration Commission (PERAC), currently 6.10% of covered payroll. Legally, the collaboratives are only responsible for contributing the annual normal cost of their employees' benefits (i.e., the present value of the benefits earned by those employees in any given year) and are not legally responsible for the past service cost attributable to those employees or previously retired employees of the Collaboratives.

B. Schedules of the Special Funding Amounts of the Net Pension Liabilities

The Commonwealth of Massachusetts is a nonemployer contributor and is required by statute to make all actuarially determined employer contributions on behalf of the Collaborative which create two special funding situations.

- The MSERS schedule discloses the Commonwealth's 100% share of the collective net pension liability that is associated with the Collaborative; the portion of the collective pension expense as both revenue and pension expense recognized by the Collaborative; and the Plan's fiduciary net position as a percentage of the total liability.
- The MTRS schedule discloses the Commonwealth's 100% share of the collective net pension liability that is associated with the Collaborative; the portion of the collective pension expense as both revenue and pension expense recognized by the Collaborative; and the Plan's fiduciary net position as a percentage of the total liability.

NOTE C – OTHER POSTEMPLOYMENT BENEFITS

The Collaborative administers a single-employer defined benefit healthcare plan (the "Other Postemployment Benefit Plan"). The plan provides lifetime healthcare and life insurance for eligible retirees and their spouses through the Collaborative's health insurance plan, which covers both active and retired members.

The Other Postemployment Benefit Plan

The Schedule of Changes in the Collaborative's Net Other Postemployment Benefit Liability and Related Ratios

The Schedule of Changes in the Collaborative's Net Other Postemployment Benefit Liability and Related Ratios presents multi-year trend information on changes in the Plan's total OPEB liability, changes in the Plan's net position, and ending net OPEB liability. It also demonstrates the Plan's net position as a percentage of the total liability and the Plan's net other postemployment benefit liability as a percentage of covered employee payroll.

Schedule of the Collaborative's Contributions

The Schedule of the Collaborative's Contributions includes the Collaborative's annual required contribution to the Plan, along with the contribution made in relation to the actuarially determined contribution and the covered employee payroll. The Collaborative is not required to fully fund this contribution. It also demonstrates the contributions as a percentage of covered payroll.

Valuation date.....	July 1, 2024

REQUIRED DISCLOSURES FOR MASSACHUSETTS EDUCATIONAL COLLABORATIVES

The following information is provided to conform to the requirements of the Massachusetts Session Law, Chapter 43 of the Acts of 2012: An Act Relative to Improving Accountability and Oversight of Education Collaboratives. This law was adopted in March of 2012 and constitutes a comprehensive amendment Massachusetts General Law, Chapter 40, Section 4E which establishes the requirements for the formation and administration of Educational Collaboratives in Massachusetts.

NOTE 1 – TRANSACTIONS BETWEEN THE EDUCATIONAL COLLABORATIVE AND ANY RELATED FOR-PROFIT OR NON-PROFIT ORGANIZATION

There are no related organizations that the Collaborative is associated with and therefore no transactions to report.

NOTE 2 – TRANSACTIONS OR CONTRACTS RELATED TO THE PURCHASE, SALE, RENTAL, OR LEASE OF REAL PROPERTY

Classrooms

The Collaborative has entered into various lease agreements for classroom space at multiple locations under non-cancelable leases. The cost of the leases for the year ended June 30, 2025, totaled \$832,809, which is reported as debt service principal and interest relating to leases. The cost and accumulated depreciation of these leased assets total approximately \$2.2 million and \$1.3 million, respectively.

These leases consisted of various classroom leases with lease periods beginning during 2024 through 2027. The new leases entered into during the current year totaled \$592,954 and were capitalized by the Collaborative as right-to-use leased buildings.

The future minimum lease payments for these right-to-use buildings are as follows:

<u>Years ending June 30:</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026.....	604,890	15,059	619,949
2027.....	208,610	3,174	211,784
Total.....	\$ 813,500	\$ 18,233	\$ 831,733

South Coast Educational Collaborative

Other Information

Year Ended June 30, 2025

NOTE 3 – NAMES, DUTIES, AND TOTAL COMPENSATION OF THE FIVE MOST HIGHLY COMPENSATED EMPLOYEES

The following employees were the five highest compensated employees for the period ended June 30, 2025:

Name	Employee Position	Total Compensation
David Heimbecker.....	Executive Director.....	\$ 221,176
Jennifer Bouchard.....	Director of Finance (Temporary HR/Payroll Director).....	168,107
Jennifer Faria.....	Associate Executive Director of Student Services.....	166,176
Raymond Steele.....	Director of Technology.....	150,351
Lisa Martiesian.....	Associate Executive Director of Student Programming.....	149,801

NOTE 4 – AMOUNTS EXPENDED ON ADMINISTRATION AND OVERHEAD

For the year ended June 30, 2025, the Collaborative expended approximately \$2,310,669 and \$753,651 for amounts related to administration and overhead, respectively.

NOTE 5 – ACCOUNTS HELD BY THE COLLABORATIVE THAT MAY BE SPENT AT THE DISCRETION OF ANOTHER PERSON OR ENTITY

At June 30, 2025, there are no accounts held by the Collaborative that may be spent at the discretion of another person or entity.

NOTE 6 – AMOUNTS EXPENDED ON SERVICES FOR INDIVIDUALS WITH DISABILITIES, 22 YEARS OF AGE OR OLDER

There were no expenditures that qualified for reporting in this category.

NOTE 7 – ANNUAL DETERMINATION AND DISCLOSURE OF CUMULATIVE SURPLUS

Certified Cumulative Surplus is defined as the amount of general fund surplus in the collaborative accounts, as certified through an independent audit. Cumulative surplus is derived from a collaborative’s unexpended general funds over a number of fiscal years. General funds are, for the most part, the funds that a collaborative receives from school districts for tuitions, dues, fees for service, surcharges, and related interest, as well as indirect costs allowed under certain grant awards not earmarked under the conditions of the funding for a specific purpose.

South Coast Educational Collaborative

Other Information

Year Ended June 30, 2025

The Board of Directors voted to approve and retain \$6,150,308 as the amount designated as Cumulative Surplus from general funds remaining in the Collaborative’s accounts as of June 30, 2025. This amount exceeds the limit of 25% of general fund expenditures for the year, and therefore the Collaborative voted surplus reductions for a total amount of cumulative surplus after reductions totaling 25.00% as shown in the following table:

Surplus Calculation Fiscal Year 2025	Enter values below	Calculated Column	Page in FY25 FS

** Net of lease financing

*Report on Internal Control Over Financial
Reporting and on Compliance*

**Independent Auditors' Report on Internal Control Over Financial Reporting
and Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards**

To the Board of Directors
South Coast Educational Collaborative

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the South Coast Educational Collaborative (the "Collaborative"), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Collaborative's basic financial statements, and have issued our report thereon dated December 29, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Collaborative's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Collaborative's internal control. Accordingly, we do not express an opinion on the effectiveness of the Collaborative's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the South Coast Educational Collaborative's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Collaborative's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Collaborative's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Collaborative's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CBIZ CPAs P.C.
